Re: **Save the date: Capitol Hill Observance
of the Armenian Genocide**

Please save the date, **April 26, 2006** between 5:30 and 8:30 pm, to take part in the **annual ANCA Capitol Hill Observance of the Armenian Genocide** in Rayburn B-339.

Over the past decade, Members of Congress have joined with civic, religious human rights leaders and Armenian-Americans from across the country in Washington, DC to remember the victims of the Armenian Genocide, the systematic annihilation of over 1.5 million civilians during the first genocide of the 20th century.

This annually-held event brings Armenian Americans from around the country to Washington, DC to express their appreciation to the bipartisan majority of Representatives and Senators who are working to secure the adoption of legislation to honor the victims of the Armenian Genocide. This year, as in years past, over 200 Armenian Americans, human rights advocates, and civic leaders will be in attendance for the program, which will include remarks by Members of Congress and community leaders.

To arrange for a time to speak, please have a member of your staff contact Kate Nahapetian, Government Affairs Director, at either (202) 775-1918 or kate@anca.org.
